

Capitalize on the opportunity to significantly reduce your income taxes while simultaneously making a meaningful contribution to a noble cause. Dual Harvest integrates straightforward financial strategy with philanthropy focused on hunger relief. This approach creates a powerful combination that will enable you and your family to do well by doing good.

# HARMONIZING FINANCIAL STRATEGY AND PHILANTHROPY

## PURCHASE ASSETS IN BULK AT A SIGNIFICANT DISCOUNT

- Purchase high-quality vegetable and fruit seeds in bulk at a 75% discount to the current Fair Market Value (FMV).
- Two payment options
  - 1) Pay in full at time of purchase; or
  - 2) Pay 10% down and finance the balance for 12 months.
- Enjoy peace of mind knowing that your seeds are securely stored and insured for up to fourteen months.

## DONATE YOUR ASSETS TO CHARITY

- Hold your seeds for twelve months from purchase at the seller's storage facility.
- Obtain an appraisal on the value of the seeds.
- Donate the seeds you own to a suitable 501(c)(3) charitable organization.
- Deduct the FMV of the donated seeds from your taxes in the tax year of the donation.\*

\*While there are some limited exceptions, the IRS has generally required that, in order for a taxpayer to deduct the FMV of a capital asset that is donated to a charity, the donated item must be substantially related to that charitable organization's exempt purpose. While Dual Harvest ("DH") will use its best efforts to ensure that any charity it preselects for the donor will certify, in writing, that the charity meets this requirement, this is not a guarantee by DH that the IRS, or any other relevant taxing authority, will agree that this requirement has been met. If the requirement is not met, the tax deduction to the donor could be reduced or eliminated altogether. Please consult with your personal tax advisor regarding this, and any other tax issues related to this program. DH provides neither legal nor tax advice.

## ADDITIONAL PROGRAM BENEFITS

- **Income Tax Deduction:** Deduct the FMV of the donated seeds up to 30% of your 2025 Adjusted Gross Income (AGI).
- **Carry Forward Excess Deductions:** Deduct any excess amount (> 30% AGI) against your future income for up to five (5) tax years.
- **Qualified Appraisals:** Select from a list of several appraisers furnished for your convenience by Dual Harvest—or choose one on your own—to ascertain the precise FMV of your seeds at the time of donation.\*\*

\*\*Any Appraisers provided by DH are wholly independent and unrelated to DH, its members, partners, affiliated parties, subsidiaries or assigns. DH neither warrants nor guarantees the accuracy of any appraisal received from any appraiser. Appraiser contact information is provided by DH as a mere convenience to DH clients and is not an endorsement of the accuracy of any appraisal furnished to the client.
